

Call for Paper: Green Deal, Sustainable Trade, and Türkiye's Integration

Introduction:

In the face of escalating environmental challenges and the urgent need for global cooperation, the concept of the Green Deal has emerged as a transformative framework for achieving sustainable development. This holistic approach encompasses environmental protection, economic growth, and social equity. Türkiye, a country at the crossroads of Europe and Asia, holds a pivotal position for advancing sustainable trade practices and contributing to the success of the Green Deal.

Article Themes:

We invite researchers, academics, policymakers, and practitioners to submit original research papers focusing on the following themes:

The European Green Deal: A Comprehensive Overview

- An in-depth look at the key objectives, initiatives, and challenges of the European Green Deal and its impact on sustainable development

Sustainable Trade and Global Supply Chains: Opportunities and Challenges

- Examining how sustainable trade practices can reshape global supply chains, improve environmental standards, and promote fair trade

Türkiye's Green Transformation: Progress and Prospects

- Analyzing Türkiye's efforts towards sustainable development, including its policies, initiatives, and challenges in aligning with the principles of the Green Deal

The Green Deal and Its Implications for Türkiye

- Assessing the goals and objectives of the European Green Deal
- Analyzing the potential environmental, economic, and social impacts of the Green Deal
- Exploring policy frameworks and strategies for achieving a carbon-neutral economy

Sustainable Trade Practices

- Examining the role of sustainable trade in achieving global environmental objectives
- Case studies on successful sustainable trade initiatives and their impacts

Türkiye's Green Deal Integration and Role in Sustainable Development

- Evaluating Türkiye's current progress and challenges in aligning with the Green Deal principles
- Analyzing Türkiye's potential to become a hub for sustainable trade
- Identifying opportunities for cross-border cooperation and knowledge sharing

European Green Deal

- The transformative impact of the Green Deal on economies
- Green Deal policies: balancing environmental and economic goals
- Green Deal's role in shaping future energy landscapes
- Social implications of the Green Deal: jobs, equity, and inclusion
- Green Deal and global climate leadership: opportunities and challenges

- Building Sustainable Supply Chains for a Resilient Global Trade System

- TradeAgreementsforaGreenerTomorrow:SustainabilityasaKeyPillar
- CircularEconomyPractices:RevolutionizingInternationalTrade
- SustainableTrade:APathwaytoPovertyAlleviationandDevelopment
- E-commerceandSustainability:NavigatingEnvironmentalConcernsinOnline Trade

Innovation and Technology for Sustainability

- Highlightinginnovativetechnologiesandsolutionsforagreenereconomy
- Exploringtheroleofdigitalization,renewableenergy,andcirculareconomy practices
- Addressing barriers to technology adoption and fostering sustainable innovation

Submission Guidelines:

Prospective authors are invited to submit extended abstracts or full papers related to the themes.

Submissions should adhere to the following guidelines:

Full papers that are evaluated and deemed suitable for publication will be published in the Journal of International Trade, Logistics and Law.

<http://www.jital.org/index.php/jital/index>

The Journal of International Trade, Logistics and Law (e-ISSN 2149-9748) is a refereed, bi-annual, periodical journal containing original papers in English. Published since 2015, all research articles in the Journal are being reviewed by at least two referees after an initial editorial screening.

The maximum number of pages in the article is limited to 20 including references, tables, and appendices. All submissions must be in English and follow the provided template.

The articles should be prepared in compliance with the following standards:

<http://www.jital.org/index.php/jital/about/submissions#b02>

**This paper call is made in the Jean Monnet Module - EU project call titled "Green Deal, Sustainable Trade and Türkiye's Integration". Publications will be published as part of this European Union project.*

Please send your articles to eutrade@medipol.edu.tr for submission.

Maximum 10 articles would be published.

**Submissions will undergo a peer-review process.*

Important Dates:

Abstract Submission Deadline: January 1, 2024

Notification of Acceptance: January 15, 2024

Full Paper Submission Deadline: March 31, 2024
